

Mrs. Powell & Mrs. Condon's Newsletter 8/24/15

In the classroom this week:

Math: We will be reviewing rounding. In fourth grade they will need to be able to round to the millions place.

Science: We are continuing our unit on Water. We will be doing a lot of hands-on activities to help us get a deeper understanding of the water cycle. Study guides will be handed out today for our **test on August 31st**.

Reading/Writing: We are going to continue working on our inferencing skills while reading longer passages. We are focusing on inferencing by being "text detectives"!

Social Studies: We are discussing map skills and landforms. The test over this unit will be this **Friday, August 28th**.

Homework:

Daily: Check the homework folder in the agenda daily. Homework packets will be given weekly, however, pages will be labeled with daily due dates. This goes for reading and math.

Weekly: **Two** math problems from the weekly word problem sheet due Friday.

A few reminders:

- Please turn in your beginning of the year paperwork as soon as possible.
- Picture day is September 1st
