

# Mrs. Powell & Mrs. Condon's Newsletter 8/10/15

## **In the classroom this week:**

Math: We are working on place value, expanded form, and written form. We will also be getting in to rounding. In fourth grade they will need to be able to round to the millions place.

Science: Our first unit of study is Water. We will be focusing on the three states of matter and the water cycle.

Reading/Writing: We have discussed how to stay engaged while reading, making good book choices, and strategies to use for both of these. Next week we will begin working on fluency as well as story elements.

**Social Studies: We are discussing map skills and landforms.**

## **Homework:**

Daily: Check the homework folder in the agenda daily. Homework packets will be given weekly, however, pages will be labeled with daily due dates. This goes for reading and math.

Weekly: Two math problems from the weekly word problem sheet due Friday.

## **A few reminders:**

- Open house is next week. The schedule is as follows:

K-1

August 11

6:00 – 7:30

2-5

August 13

6:00 – 7:30

There will be two sessions, however, Mrs. Condon and Mrs. Powell will be presenting together.

-Please turn in your beginning of the year paperwork as soon as possible.
