

# Mrs. Powell & Mrs. Condon's Newsletter 10/19/15

## **In the classroom this week:**

Math: We will be discussing factors and multiples and also learning new multiplication strategies for two by two digit problems.

Science: reading weather maps; discussing the differences between weather and climate and reviewing for the test on Wednesday, 10/21.

Reading/Writing: start working on informational paragraphs; start discussing point of view and how it affects stories

**Social Studies: We will begin our unit on explorers!**

## **Homework:**

Daily: Check the homework folder in the agenda daily. Homework packets will be given weekly, however, pages will be labeled with daily due dates. This goes for reading and math.

Weekly: **No math word problems this week. See the worksheets students bring home instead.**

## **A few reminders:**

-Fall Festival- Oct. 18

-Conference week is October 19-23.

\*All conferences are scheduled with your child's homeroom teacher. If you would like to conference with your child's second teacher, please send an email and we will arrange that.

-Reminder: Students are dismissed at 12:20 during conference week. Please send in a transportation note if you need your child to go home different than usual.

-permission slips for the Youth Museum field trip are due on Friday, Oct. 23<sup>rd</sup>
